

"Wow. You really *can* see it!"

Watch the Space Station fly over Huntsville at the International Space Station Block Party

Friday, July 26, 2002, 8:00 to 9:30 pm

National Space Science Technology Center West Parking Lot

Everybody's invited!

Telescopes will be on hand as
**NASA scientists conduct a tour
of the night sky and discuss the
International Space Station.**

This event will feature a message
from crew member Peggy Whitson,
on-board the ISS, to be broadcast
as **the ISS glides 240 miles above
Huntsville, and bright as a planet!**

Other activities include a
demonstration with a vacuum
chamber on conditions in space,
and a science trivia contest.

Family fun! Don't miss it.
